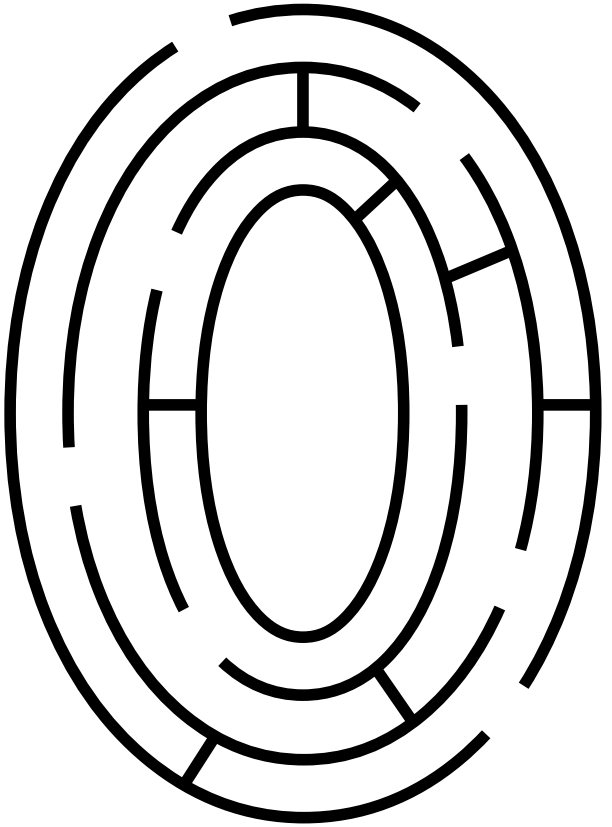
Around and around we go, that is how you make zero!

0



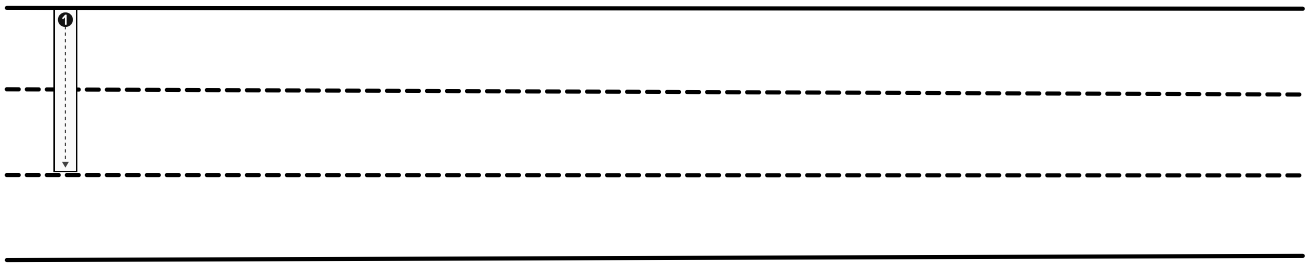
trace

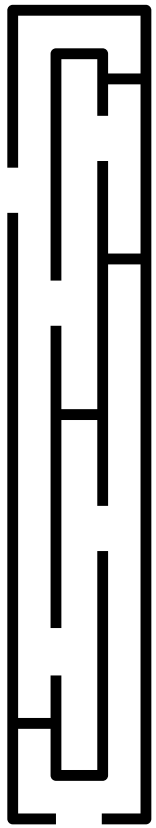
zero

try

zero zero zero

Go straight down and then you're done, that is how you make a one!





trace

one

try

Draw 1 house:

one

Draw half a heart then go across, that is how you do a two!

trace

two

try

Draw 2 cats:

two

Buzz around and around just like a bee, that is how you make a three!

3

trace

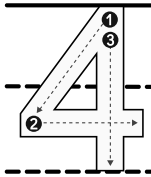
three

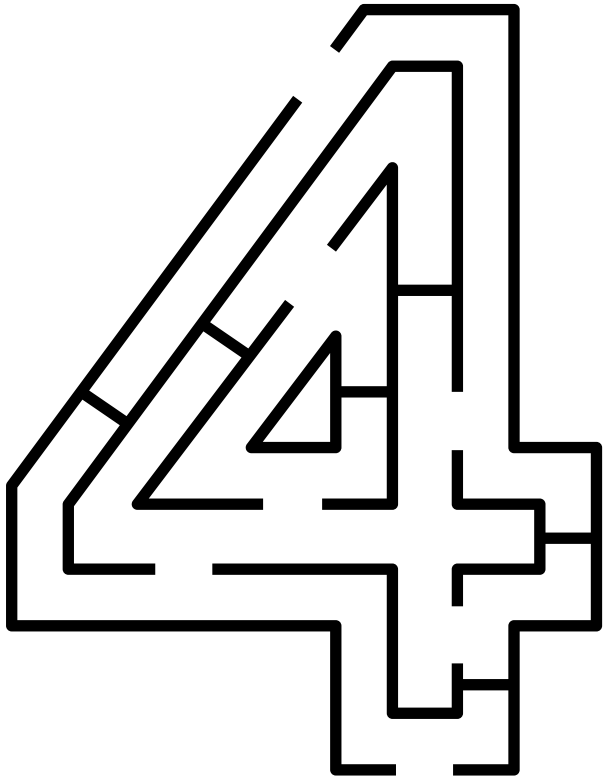
try

Draw 3 cars::

three

Go down then right, then down once more, that is how you make a four!





trace

four

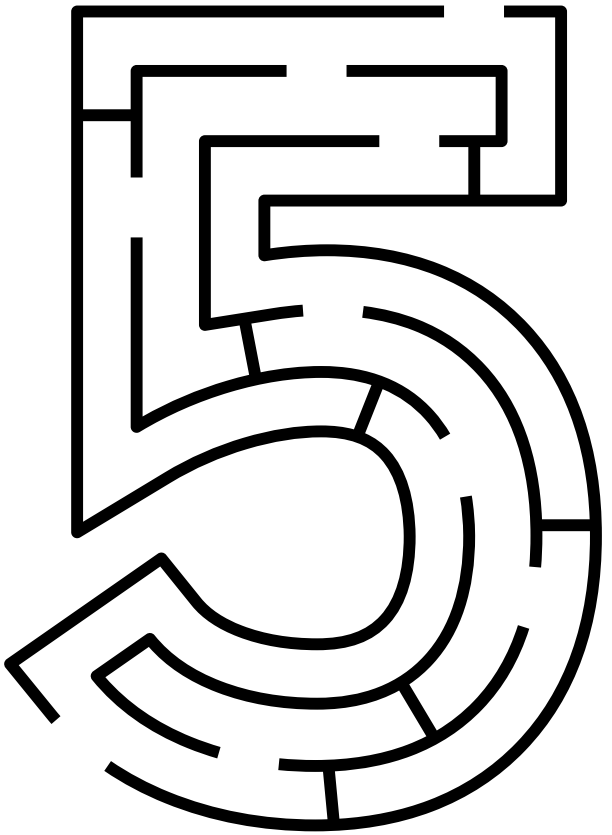
try

Draw 4 flowers:

four

Go down and around and then you can stop. Finally add a hat on top!

5



trace

five

try

Draw 5 snakes:

five

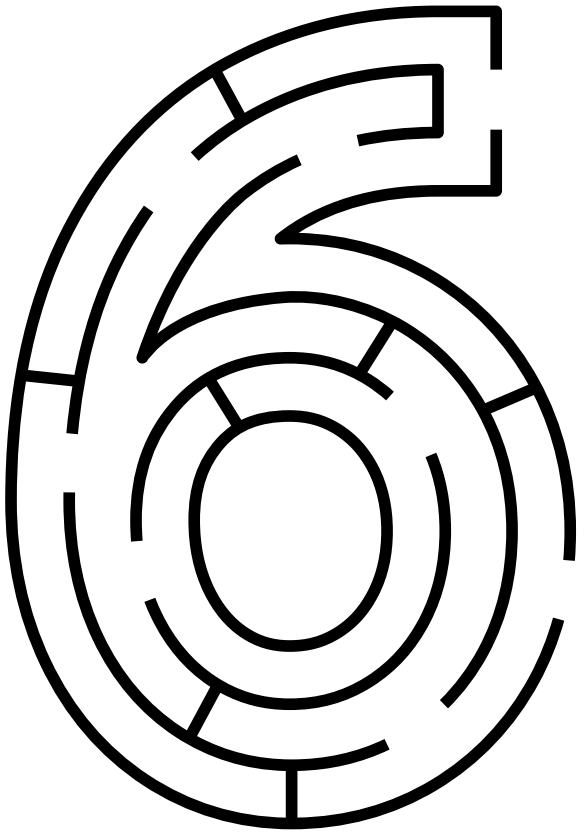
Loop down and around super quick, that is how you make a six!

6

trace

six

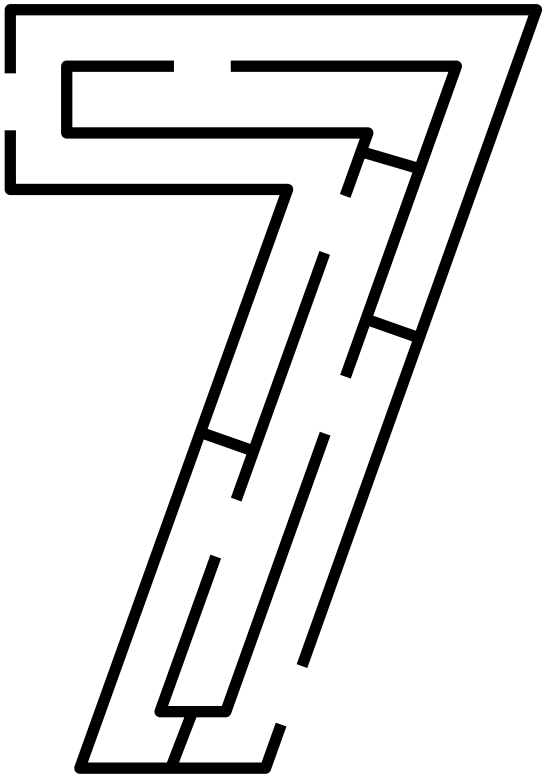
try

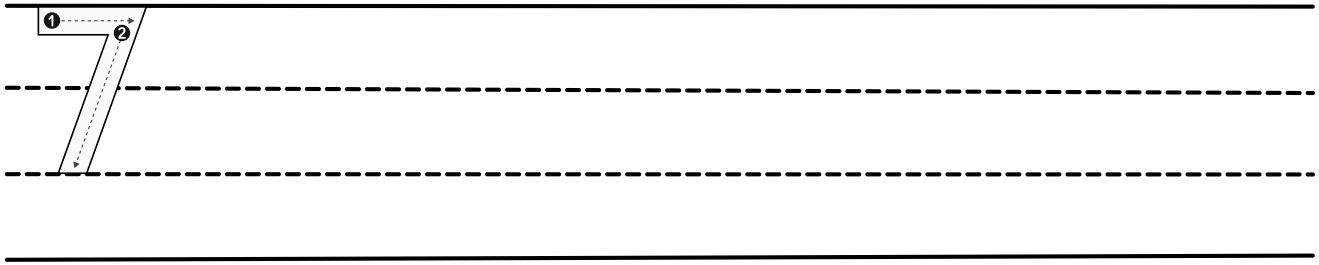


Draw 6 butterflies:

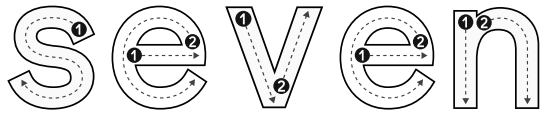
six

Go across then down, away from Heaven, that is how you make a seven!





trace try



Draw 7 stars:

seven

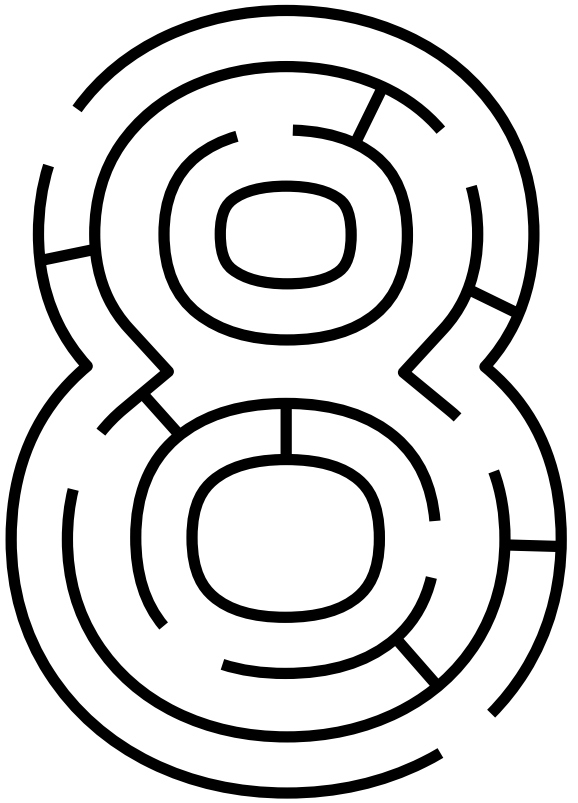
Make an 's' just like a snake, then loop back up to make an eight!

8

trace

eight

try

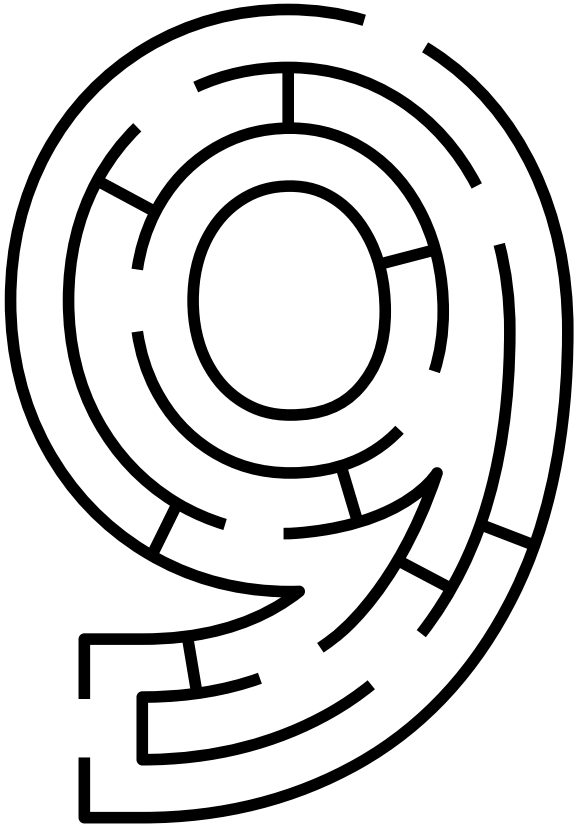


Draw 8 trees:

eight

Go around the circle then curve your line, that is how you make a nine!

9



trace

nine

try

Draw 9 beach balls:

nine
