

Thankyou for purchasing our

Wild-school

Diy

specimen slides

This pack contains

- 6 different slide styles to choose from (or use them all)
- 3 pages of specimen / insect specimen images for you to use in your slides totalling around 42, unless you choose to use REAL SPECIMEN-
leaves,dried flowers,insect wings,moss,etc

Dont forget to check out the instruction page

PLUS BONUS

- 10x vintage specimen posters to use as display with your slides, -on your nature classroom display shelves, these are different sizes - simply print , laminate for best results and cut out each poster to hang on your walls, add to your nature baskets or nature study units.

We would love to see how you use our products, feel free to tag us over on instagram @embracethewilding
